Subject: Highways England response (HE ref. 6313) re. BN/122/19/EIS - Scoping opinion for Land North of Barnham Road

For the attention of: Raymond Cole

Site: Land North of Barnham Road, Eastergate

Development: Scoping opinion under Regulation 15 of Town & Country Planning Act 1990 (as amended) Town & Country Planning (Environmental Impact Assessment) Regulations 2017 (as amended) and any subsequent amendments. The development is described in the attached plans and written material. The Council has to respond in writing stating what information needs to be provided as part of an Environmental Statement that might be required in connection with the proposed development.

Planning Application No: BN/122/19/EIS

Highways England Ref: 6313

Dear Mr Cole,

Thank you for your consultation of 11th December 2019 regarding the above scoping opinion.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective

stewardship of its long-term operation and integrity. Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN. In the case of this proposal, our interest relates to potential impacts upon the A27.

Having reviewed the Barnham Road Eastergate Environmental Impact Assessment Scoping Report (November 2019), we have the following comments:

- It is not part of Highways England's role to comment on the need for or contents of an EIA Scoping Request, although we note that Traffic and Transport has been scoped out and a Transport Assessment will be prepared to support the planning application for the site and appended to the ES. We also note that a Technical Transport Scoping Note for the Transport Assessment will be agreed separately. Therefore, it is expected that the relevant parts of the ES will reflect the Transport Assessment. This includes any requirement to assess the air quality and noise/vibration related issues associated with traffic generation/the Strategic Road Network.
- We also note that a Construction Traffic Management Plan will be prepared to mitigate the construction impacts of the development.

If you have any queries regarding this response, please contact us at

Town & Country Planning Act 1990 (as amended)

Town & Country Planning (Environmental Impact Assessment) Regulations 2017(as amended)

Consultation on Request for a Scoping Opinion

Scoping opinion

Land North of Barnham Road Eastergate

An application has been lodged for a scoping opinion under Regulation 15 of Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Environmental Impact Assessment) Regulations 2017 (as amended) and any subsequent amendments. The development is described in the attached plans and written material. The Council has to respond in writing stating what information needs to be provided as part of an Environmental Statement that might be required in connection with the proposed development.

If you are in any doubt as to what is being requested please see the above regulations.

Please note the importance of the scoping opinion to any subsequent Environmental appraisal process.

Any comments you wish to make have to be with me by **1st January 2020**.
