This is the WSCC County Highway Authority (CHA) response to the application for approval of details reserved by condition imposed under ref BN/32/15/OUT relating to Condition Nos - 4 - noise, 19 - Public Open Spaces, 20 - renewable and low carbon energy and 22 - Construction Management Plan.

This response specifically responds only to highways-related condition 22 given that the other conditions appear to be matters to be considered by the Local Planning Authority (LPA). Should the case officer consider otherwise and requires responses from the CHA to those other conditions, he should say at the earliest opportunity.

Condition 22 - Construction Management Plan (CMP).

The CMP document considered has been prepared by Matthew Homes Ltd. and is dated June 2019.

The following additional information should be provided:

1. Plan that is referred to (but not supplied) for 'Construction Access and Site Compound' (page 9).
2. A vehicle routing plan including confirmation that any limitations/restrictions of/on routes will be adhered-to throughout the course of construction for specific vehicles etc. (e.g. headroom at Barnham railway bridge, crossing requirements on North End Road etc.).
3. Out-of-hours contact details to be included within the plan and confirmation that they will be displayed prominently on any site hoarding viewable to the general public.
4. Details of all relevant people managing the site and their contact details to be included within the plan.
