Subject: FW: Lillies, responses required for the followign emails

Dear Michael

I hope you are well.

We recently received the three emails attached from you, for which our client has summarised the responses below. The two pdf attachments are part of the response also.

- Condition 22 CMP - 80DB (Lower exposure action value) is an LAmax measurement to show the most obtrusive facet of the noise, this will be taken 1 to 3 metres from source (not directly at the source).
- Construction Access and Site Compound plan included within the attached Traffic Management Plan
- Vehicle routing included within the attached Traffic Management Plan, further information regarding limitations/restrictions of/on routes throughout the course of construction for specific vehicles now included within revised CMP attached.
- Out-of-hours contact details now included within revised CMP attached including confirmation it will be displayed prominently on any site hoarding viewable to the general public.
- Details of all relevant people managing the site and their contact details now included within the plan

With regards to the drainage, we are just finalising the scheme and will forward over by the end of the week.

I trust that the attached will be satisfactory , however please let me know should you require anything further.

Kind regards
