Dear Amy

I attach a letter which supplements our Planning Statement as it addresses matters relating to recent appeal decisions in the District. I have also responded to consultee responses published online to date.

We would be grateful if you could review the contents of the letter and take it into consideration as part of the planning application.

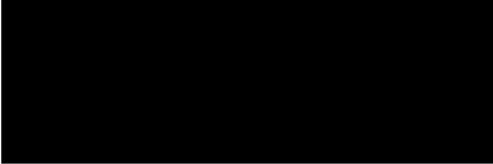

You also kindly offered to provide an update on what your recommendation is likely to be by the end of February, which we would welcome.

If you have any queries, then feel free to get in touch.

Best regards

Mark

Thanks for confirming Mark.

Once I have made the site visit, there will then be a 21 day statutory consultation period for residents to comment, and I will also need feedback from a number of Council colleagues e.g. Highways etc.

I will then need to review the application fully, and discuss with Managers and our Head of Planning.

So, I'm looking at late February to be able to update you. We would not normally meet with applicants to discuss proposals once they are formally submitted (since this is not a pre-application/PPA) or unless we thought there were specific matters which could be addressed which would provide a different outcome to the application. But as I say by the end of February, I should be able to update you on what our recommendation will likely be and we can take it from there.

Amy

Dear Amy

Thanks for the email. I've contacted the landowner to confirm this with them, but it should be fine. I will let you know if there are any problems.

Once you have carried out your site visit it would be good to discuss the application, either by phone or we would be happy to come and meet you if that would be agreeable?

Best regards

Mark

Subject: BN/128/19/OUT - Land adj. Highfield House - SITE VISIT

Dear Mark,

I wanted to let you know that I am going to be **making a site visit tomorrow morning (Weds 22nd Jan) probably sometime around 11am** – I assume this can be done unaccompanied? If I wish to go into the field itself to view it from the boundaries/its relationship to neighbouring properties, can I just go over the fence/gate? Or should somebody accompany me?

If you could let me know by return of email today I'd be grateful

Kind regards
Amy
