Afternoon Darren,

There is no plan to increase pupil numbers, the space is for overflow at this point in time. Any increase in numbers would be due to pupil appeals which are administered by the local authority.

I hope this helps.

Kind regards,

Jill

Hi David

Further to Nick's query below could you please advise?

They require that 'the applicant provide clarification on whether the development will result in a change in student numbers, or if the additional space is purely for overflow space'.

Regards
Darren
