James,

From your recent discussions with my colleagues Clare and Tor, you'll be aware that following further review by the team, it is now proposed to submit an outline planning application and additional areas have been identified outside of the previous maximum site boundary which may now be subject to works.

With respect to the BEW Scoping Opinion - further detail, including a plan of the revised maximum site boundary depicting the additional areas, is provided in the attached letter.

We would appreciate if you could please take the updated boundary into account when the outline planning application and its accompanying ES is submitted to ADC.

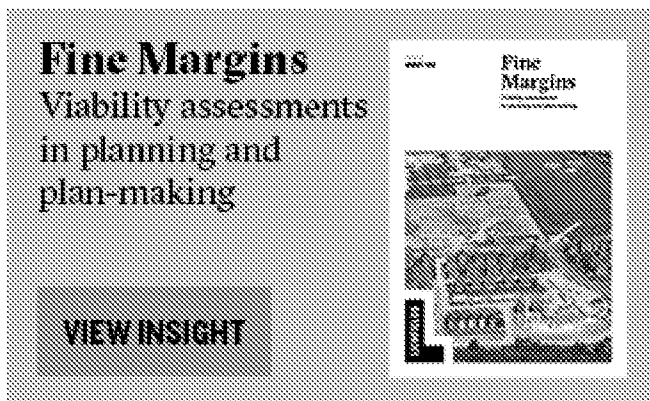

Any questions please let me know.

Thanks,
Tabitha
