Hi Kazys,

That's fine, thank you, I shall contact the Planning Officer and remove my holding objection formally later today.

Kind regards

Sarah Burrow

Sarah

Following the recent drainage strategy submission for the above site and your concerns regarding the proposal to have a pumped surface water discharge to the adjacent watercourse, further survey work has been undertaken to provide ditch levels at the proposed discharge location. I am pleased to advise that the surveyed levels show that a gravity discharge to the watercourse is possible. I have amended the drainage strategy for the site to reflect this and attached is my revised drawing for your information. I trust with this revised proposal you can now advise your planning colleague that your drainage concerns have been resolved and these proposals meet with your approval.
Many thanks.

Regards

Kazys
