Hi Jason

Please can we get a photo and location on a site plan where the car charger is being installed.

Susan the type of charger installed also is a Hypervolt Home 3 Pro Ultra Black.

With the energy statement, we have this but i am making a couple of changes

thank you

Kind Regards,

Hi Joe

Condition 10 is Electric recharging - I need details of the unit chosen and plan showing its location.
Photo would also assist.

Condition 11 is energy efficiency - full details of these and then I can draft the statement.

Who is the best person to provide these?
