Thank you for your internet representation made on 7th December 2020 which has been recorded as an objection with the comments as follows:

OWPC32004

This is my 4th objection to the local planning developments in Barnham.
Quite simply put, this would be deviating for the local community.
The town is saturated and can not withstand another 200 homes.
I have seen the impact to the village over the last 20 years. Only housing and no improvements to infrastructure or amenities.
Parking with not improve, this subject yet again is off the table and no sensible solutions.
People will not move here because there is a train station. But there will be many more streets for commuters to park in should this suggested scar on the local open landscape be approved. If it is, I will leave the area.

Your views as made above will be considered before the application is determined.
