Dear sir/Madam

I am very concerned and strong objections about a new housing development proposal on the land south of Barnham station.

I strongly object this proposal for 2 main reasons. The amount of increased traffic to the local area and the loss of outdoor green space (where I personally walk regularly with my family)

The proposed access road and increase in traffic through Marshall close will have a huge impact on local residents and will cause significant traffic flow problems for the existing residents - this is a small residential area without capacity for the amount of traffic that this new development will create on a daily basis

The field proposed to be built on is used by local residents for outside green space to walk in - it would be a great loss to the local community to lose this area of countryside for walking. There's already been a great expansion of housing developments in the local area, with more planned - this proposal will have a significant impact the local residents in Marshall close and Church Lane

As a local resident, who will be affected by this proposal I hope that this doesn't get planning permission
