Thank you for your internet representation made on 15th December 2020 which has been recorded as an objection with the comments as follows:

OWPC32202

The pressure on our village's resources are already huge. The traffic and parking situation in the village centre is often dangerous because of the volume of people driving through and stopping to use the shops and take aways, and commuters parking in the road sides in the centre and surrounding streets only adds to the problem. The Croft Surgery is stretched dealing with the current population, making it difficult for existing residents to access their services. The schools are full to capacity. The surrounding villages don't have a fraction of the resources that Barnham village centre has, so villagers from these areas travel in to Barnham, adding further pressure on it's finite capacity. Adding further housing to Barnham is only going to add to these pressures, but no solutions are ever proposed when further housing plans are 'proposed'. The character of the village is slowly being eroded by the increasing demands being placed on it, and is becoming the village centre is growing more dangerous and polluted. Without providing greater resources such as schools, surgeries and proper parking and enforced parking regulations, addressing traffic glow issues and similar adequate resources for the surrounding villages (not to mention the drainage and sewer problems of recent years), further housing developments bringing more people and cars in to the already burdened village is irresponsible.

Your views as made above will be considered before the application is determined.
