Hi Karl

Our initial response would be that we would have concerns, due to the increase in pupils that the development would generate, and would want to see how the applicant intends to ensure sufficient school places for school age children arising from their development. The local schools are at capacity and whilst the strategic development in the area, known as BEW, is proving infrastructure of 2 x 3 forms of entry primary education facilities with equivalent infrastructure for SEND and Early Years it is not anticipated that there will be capacity in these new schools for an additional development of this size.

Best Regards

Hi, we are determining this application on Monday but we don't appear to have received any comments from WSCC on infrastructure matters.

Regards

K
