Subject: BN/151/20/PL, Land at rear of Poachers

Hi Sarah,

The above application is a re-submission of BN/46/20/PL.

POM shows reply from Engineers (Drainage) on 15/12/20, however I couldn't find any.

On Monday is a deadline. This application is almost identical but if you are so kind quickly check if there are some changes which you can spot...

It looks like they now propose a private treatment plant since the comments of Southern Water: 'Southern Water would not support the proposals for a private treatment plant in the presence of public foul sewerage network in the close vicinity of the development site. The foul sewerage shall be disposed in accordance with Part H1 of Building Regulations hierarchy.'

Please let me know

Kind regards

Maria
