Subject: FW: BN/151/20/PL - Site Notices

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Dear Mr Occleshaw,

The above application supposed to be advertised from 7th January until 28th.

I believe you are aware of the recent situation with restrictions on the place.

My office day is only on Friday, only that day I can enter the office and print site notices.

Therefore the notice will not be on the site earlier than 8th and the date on the notice will be change accordingly without affecting the deadline of the above application.

Kind regards

Maria

Hello Maria,

I was just checking the timeline for consultation on this planning application, if site notices are to be posted for 21 days before consultation period ends, they should be up tomorrow at the latest. I just checked and nothing is visible - is this action in hand so as to hold to the decision timeline?

Thanks

Tony Occleshaw
