Hi Daun

Further to our call just now, please find attached topographical survey drawing requested.

On the two other points (Proposed Site Levels and Visibility Splays), I can confirm the followings:

- The site levels, where these are changing and features introduced, are provided on the Drainage Strategy drawing submitted, but attached for ease of reference. This also includes FFL of each of the properties. I am advised that no further level changes are required given the sites topography. I hope these are sufficient for the purposes of understanding the proposed site levels.
- The visibility splays are detailed in Appendix C (page 44) of the Transport Statement submitted.

I do hope this assists and allows for the application to be validated.

Kind regards,
Peter
