Danny,

I have now had the chance to look at the above and the documents online at Arun DC.

I am happy to confirm that we have no objection to the garden house/room. Like you, the rear of our land is technically agricultural and I share your views that this is a technicality and I can see that you would rightly wish to use the land at the rear of the property as "garden" with the amenities that go with that.

I hope this assists.

Regards,

Mark Waghorn
