Subject: RE: Planning Consultation on: BN/17/21/PL

Application No: BN/17/21/PL
Registered: 8th February 2021
Site Address: The Cottage Highground Lane Barnham PO22 0BT
Grid Reference: 495405 103850
Description of Works: 1 No; new dwelling. This application is a Departure from the Development Plan & is in CIL Zone 3 & is CIL Liable as new dwelling.

Bats

The lighting scheme for the site will need to take into consideration the presence of bats in the local area and the scheme should minimise potential impacts to any bats using the trees, hedgerows and buildings by avoiding unnecessary artificial light spill through the use of directional light sources and shielding.

We require that a bat box is installed on the buildings onsite facing south/south westerly positioned 3-5m above ground.

Hedgehogs

Any brush pile, compost and debris piles on site could provide shelter areas and hibernation potential for hedgehogs. These piles must be removed outside of the hibernation period mid-October to mid-March inclusive.

The piles must undergo soft demolition. A hedgehog nesting box should be installed within the site to provide future nesting areas for hedgehogs.

Nesting Birds

Any works to the trees or vegetation clearance on the site should only be undertaken outside of the bird breeding season which takes place between 1st March – 1st October. If works are required within this time an ecologist will need to check the site before any works take place (within 24 hours of any work).

We would like a bird box to be installed on the building and / or tree within the site.
