23rd March 2020

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Variation of condition 15 imposed under EG/29/13/ relating to condition 15 - to change the foul drainage scheme from Sewage Treatment Plant to Pumping Station with associated drainage works.

Former Brooks Nursery Eastergate

Thank you for your internet representation made on 20th March 2020 which has been recorded as '**an objection**' with the comments as follows:

As usual this is a housing developer thinking they can do whatever they like without regard for anything or anyone other than their own interests. The plan does not show Elm Grove South even though this road will be hugely impacted. Everybody knows that with the age some of the pipes are, they are highly unlikely to be able to cope with the increased surge.

I have young children in my home and our health and well-being would be devastated if raw sewage were to back up and flow into our garden or up into our bathrooms through the toilets. This would be completely unacceptable and a risk to public health. This year we have suffered a huge amount of flooding because of the vast amount of rain we have had since October 19. I understand this plan would increase the risk of flooding- this is a risk that not just Elm Grove South, but all of the surrounding streets cannot take.

Unfortunately it is not possible for the council to respond to each representation individually but your views will be considered before the application is determined and I shall write to inform you of any decision made.

If the application is to be determined at the Development Control Committee and your letter has been received after the agenda has been published, you will not receive a separate letter notifying you of the date of the meeting and the procedures for public speaking. In such circumstances, it is recommended that you track the progress of the application on the website or telephone for further information. Please be advised that any comments received after the Development Control Agenda has been produced will be reported to the meeting. Please also note that only a small number of all planning applications are determined at the Development Control Committee, most are determined by officers under delegated power.

All representations are published on our website so please make sure your views are clear and only include information that you are happy for the public to view. Do not include personal information or information from third parties unless you have their permission to do so. If a complaint is received that permission has not been given for comments included about a third party, the Council reserves the right to redact/remove all relevant information. Do not include information that is defamatory or breaches equality or other legislation. If you do not wish your comments to appear on the website and on the file, please confirm this in writing and I will arrange for it to be destroyed, although this does mean that its contents will be disregarded. For details of what we do with your personal information please refer to our privacy statement comments on planning applications which is available on our website www.arun.gov.uk/planning-privacy-statements.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
