Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: BN/18/20/PL

Site Address: Former Brooks Nursery Eastergate

Description of works: Variation of condition 15 imposed under EG/29/13/ relating to condition 15 - to change the foul drainage scheme from Sewage Treatment Plant to Pumping Station with associated drainage works.

Thank you for your internet representation made on 2nd July 2020 which has been recorded as an objection with the comments as follows:

OWPC28190

I am reading all of the correspondence uoloaded to this website and simply cannot understand Southern Waters response to the repeated question of why this cannot be connected directly to Barnham Road. It is being ignored. The worst part is Barnham Road is currently closed just East of Upton Brooks to fix a collapsed sewer so this could have all been done at the same tkme! Instead the developer are being allowed to avoid their responsibilities agreed at the time, no doubt to free up additional land to build on. This Council needs to mandate the original conditions are met and not bend the rules when it suits someones pocket.

Your views as made above will be considered before the application is determined.

In this case, you will need to track the progress of the application on the council's website <https://www.arun.gov.uk/weekly-lists>

Any comments that are received after the agenda has been finalised will be separately reported to the members of the Development Control Committee.
