Subject: Re BN/18/20/pl

Dear Maria.

Can you tell me what is proposed to be replaced under the planning application BN/18/20/pl is it just the sewerage treatment plant or does it include the suds system as well, as we understand it the suds system will remain as is, as this is linked to the controlled drainage of the surface water from the houses to the water course Paul Cann would be involved in this.

Also can my letter to the planning committee be put on the planning application file.

yours sincerely Mr B.Barbary (Elm Grove South residents association, Barnham road and Upton Brooks residents)
