Hi Claire

Firstly well spotted and I am trying to resolve, see attached, my gut feelings are that we have the parking right in the corner, thou am checking with Lizard, however as I read it there are two lots of racks for 18 bicycles shown on the landscaping Plans and 17 on my drawing, I will revise my drawing to 18 each as the Landscape Plan has specified the cycle racks.

As far as the parking in the corner I am waiting to hear from Lizard.

Hope I've interpreted your concerns correctly

Simon

Dear Jon,

I was looking at the plans to finalise the Committee report for the above application but I came across a discrepancy between the Hard and Soft Landscaping Plan (LLD1773-LAN-DWG-100 Rev 11) and the Block Plan (WM/688/P500) in relation to the number and type of secure cycle storage spaces and also the parking spaces in the corner. Please can you have a look and

As you are aware, there has been a change in case officer, following Raymond's departure from the authority. David is currently on leave, so please can you copy me into any correspondence this week and next week. Following Raymond's departure we were not able to get the report written in time for the 29th September Committee, which has also now been cancelled. Therefore we will aim to present the application to the next Planning Committee on the 27th October.

Kind regards
