Dear Ross Leal

We agree with the ECOLOGICAL APPRAISAL finding's and we endorse the proposed ecological enhancements put forth in section 6.1. Breeding birds are the other key ecological feature of this project, and as highlighted by this report breeding birds (sections 5.1 - 5.5) are protected by the Wildlife and Countryside act (1981). We find the prescribed methodology in this report acceptable and in keeping with the Wildlife and Countryside act (1981), this must be adhered to.

Best regards
