Hi David

We have amended the drainage as requested and attached.

- 1 All drains will be surrounded in 150 concrete, noted and detailed.
 - 2 The soakaways will be located under raised beds to provide the cover needed, this will also give a visible, protected location for the soakaways for the future. Noted and detailed
 - 3 The drive and parking areas will be constructed as the existing, permeable hardcore base with gravel finish to be self draining, noted on the drawing.
- Finally we agree to an extension of time to the 15th May

Stay Safe
John Baldwinson
