Good afternoon Simon,

Regards the above application I see there's been an extension. Question is will this go to committee where objectors can have their say?

Over and above that as there's an extension and I am sure with your work load it's unlikely that you have had the chance to visit the site I attach pictures to show the loss of light to 38 hill lane if approval goes ahead.

The proposed roof height is in line with the cables so as you can see the sun is going to be blocked out. Yours sincerely Chris Holmes (39 Hill Lane)
