Hi Simon,

Please see attached the Drainage Impact Assessment as requested -- please do let me know if you require anything further.

Best regards,
Kerry

Hi Simon,

Please see attached the Drainage Impact Assessment which has been prepared in consultation with the Council's Drainage Officer and also in response to the Parish Council's and local residents' concerns regarding local drainage issues. The Drainage Impact Assessment recommends a detailed mitigation strategy which is required in relation to the proposed development but would make a positive improvement to the local drainage system.

Please can you confirm that the Parish Council and the neighbours will be notified and consulted on the attached Drainage Impact Assessment as part of the application process ?

Best regards,
Kerry
