9th July 2018

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Continuation of use of land for dog training and exercising
Land to east of Parsonage Farm Yapton Road Barnham

Thank you for your internet representation made on 6th July 2018 which has been recorded as '**support**' with the comments as follows:

To add further information to my response letter. To date I have had 1 visit from Environmental Health to give me a letter claiming there had been an 'alleged noise complaint' from my business. The letter posted by Christopher Davis is somewhat poorly written. It states I've had 2 visits and several written and verbal warnings over noise complaints. This is simply untrue. Something which his colleague can back up. There was a second visit to my premises (before Mr Davis') but nobody was there. Mrs Joanne West I believe was the lady who visited along with a dog warden. NO CONTACT or attempt to contact me was made, they took one of my leaflets from the Groomers and left (this is the account given by Mrs Joanne West herself by telephone yesterday). My contact number and email address is on my leaflets, yet no further attempt to contact me was given. I am disappointed that the letter written by Mr Christopher Davis has been done in such a way that it seems I have continued to do something I haven't. I have 1 letter stating there had been an 'alleged noise complaint' and that's it. I am also aware the recording taken by Christopher Davis was a small amount of activity. How can one small amount of activity counteract the times the garden is used yet quiet. I am having a noise test carried out next week.

I have also submitted copies of my booking sheets to show how often the Dog Garden and my Training Paddock is in use but again these have yet not been submitted.

Regards Elaine Armstrong
