Subject: Re: BN/25/18/PL

Thank you for emailing me, I've just moved house so relying on WiFi hotspots to catch up with emails etc till our internet is set up!!

Have read EH reply, I'm quite disappointed I thought he was supposed to remain impartial?! I'm also surprised at his comments given it was his idea to move the Dog Garden away from neighbouring gardens in the first place. He seems to say one thing in person yet something totally different on paper! Very unprofessional.

I am assuming you will actually ask to see/listen to the so called 'evidence' he claims to have witnessing the continuous barking for 10 hours a day that's is apparently going on, yes?? You aren't going to take someone's verbal word against actual evidence. He is still moaning about the company I had do my noise test. Not once was there any clarification who needed to do the test, just that it would be beneficial to me to have one done. Which I have, so far I'm the only one showing clear and truthful evidence. There's seems to be corners being cut, I have a very uneasy feeling about this. I have asked several times to have access to these so called recordings from EH, I'm still waiting. I have also applied through freedom of information to have all complaints made against me, I was surprised to yet again be told there has only been 1 complaint made against my business since opening nearly 2 years ago now, I'm happy to forward this should you wish to see it. The parish council are supporting me which is fantastic news, they can't see any problem now they have the truth.

Thanks, Elaine Armstrong

Dear Elaine,

You left me a message this morning. I am sorry but was unable to respond until now but I have just rung you and there is no answer so am emailing instead.

Nothing had happened with the application for a while as I was awaiting the further advice of our Environmental Health Officers following your proposed change to the site area. This has now been received and will be available on our website tomorrow. Unfortunately, they maintain their objection and therefore I will need to agree the way forward with my team leader. If we want to refuse in line with the advice of environmental health then I could

make a decision in the next 2-3 weeks. The same timeframe would apply if we wanted to approve the application as the Parish Council had withdrawn their objection.

Kind Regards
