2 Site Address

The Fallows
Highground Lane
Barnham
PO22 0BT

3 Description of Development

Variation of condition 2 (approved plans) imposed under BN/50/18/PL to amend design in respect of roof & materials.

4 In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans and subject to the following conditions.

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the 16th April 2019 (being the date that planning permission was granted for BN/50/18/PL).

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans and details:

Drawing 1 Location Plan;
Drawing 3 Block Plan (revised version received 07/11/18 with application BN/50/18/PL);
Drawing 5 Adaption of Existing Dwelling into Garage;
Drawing 6 Proposed Floor Plans;
Drawing 7 Rev C Proposed Elevations; and
Materials Schedule v2.

Reason: For the avoidance of doubt and in the interests of amenity and the environment in

accordance with policies D DM1, D SP1, T SP1 and QE SP1 of the Arun Local Plan.

- 3 Within 2 months of the occupation of the new dwelling, the existing outbuilding shall be converted into the proposed double garage building in accordance with drawings 3 (Proposed Site Plan - received 07/11/18) and 5 (Adaption of Existing Dwelling into Garage) - both received with application BN/50/18/PL. The approved garage building shall thereafter be maintained for the purposes of the garaging of vehicles and other related domestic storage.

Reason: In order to ensure that there is only one dwelling on the site and that there is also sufficient parking spaces for the use in accordance with policies C SP1, T SP1, D DM1 and QE SP1 of the Arun Local Plan.

- 4 The development shall be implemented in accordance with the surface water drainage scheme which was approved by the Local Planning Authority on the 30th July 2019 (ref BN/40/19/DOC) and which consisted of the following drawings:

- Standard details high storage STD-01-63 REVC;
- Standard details high storage soakaway 302530-std-01-63;
- Monitoring results email 25-03-2019;
- Micro drainage results MAR 2019;
- Archibald Shaw letter of 2/1/19; and
- Drawing 23C Drainage Plan.

The approved drainage scheme shall be fully implemented prior to occupation of any of the dwellings and shall be permanently retained in good working order thereafter.

Reason: To ensure that the proposed development is satisfactorily drained in accordance with policies W SP1, W DM2 and WDM3 of the Arun Local Plan.

- 5 Prior to occupation of the dwellings, a scheme for the provision of facilities to enable the charging of electric vehicles to serve the approved dwelling shall be submitted to the local planning authority for approval and thereafter implemented in accordance with the approved details and the charge point/s shall thereafter be permanently retained and maintained in good working condition.

Reason: New petrol and diesel cars/vans will not be sold beyond 2040, and to mitigate against any potential adverse impact of the development on local air quality, in accordance with policy QE DM3 (c) of the Arun Local Plan, the Arun District Council Electric Vehicle Infrastructure Study (November 2017) and the National Planning Policy Framework.

- 6 No part of the development shall be first occupied until the access driveway and turning spaces have been constructed in accordance with the approved site plan. The turning areas shall thereafter be retained for their designated use.

Reason: To provide adequate turning space for the development in accordance with policies D DM1 and T SP1 of the Arun Local Plan and paragraphs 108-110 of the NPPF.

- 7 The new dwelling shall not be occupied unless and until the applicant has submitted a scheme for approval by the Local Planning Authority to demonstrate that the dwelling will incorporate decentralised, renewable and low carbon energy supply systems. The approved scheme shall thereafter be implemented prior to occupation of the dwelling and any approved renewable energy supply systems shall be permanently retained & maintained in good working order thereafter.

Reason: To ensure that the development is energy efficient and in accordance with policy ECC SP2 of the Arun Local Plan.

- 8 No external lighting shall be installed on site until plans showing the type of light appliance, the height and position of fitting, illumination levels and light spillage have been submitted to and

approved in writing by the Local Planning Authority. The scheme should seek to conform with the recommendations within BS5489:1-2013 but also minimise potential impacts to any bats using the trees, hedgerows and buildings by avoiding unnecessary artificial light spill through the use of directional light sources and shielding. The lighting approved shall be installed and shall be maintained in accordance with the approved details.

Reason: In the interests of the amenities of the area, the site biodiversity (particularly in respect of bats), the interests of minimising crime and to minimise unnecessary light spillage outside the development site in accordance with policies QE SP1, QE DM2 & ENV DM5 of the Arun Local Plan.

- 9 No removal of trees, shrubs or other vegetation that may contain birds' nests shall take place between 1st March and 31st August inclusive, unless a suitably qualified ecologist/wildlife specialist has undertaken a careful, detailed, check of vegetation for active birds' nests immediately before the vegetation is cleared and confirmed that no nests will be harmed. Where nests are discovered, the vegetation shall remain in place until nesting activity has ended naturally and the ecologist has confirmed that it is safe to proceed.

Reason: To prevent interference with the breeding success of wild birds in the interests of biodiversity conservation, as well as to ensure compliance with the legal protection of birds, their nests and eggs under Section 1 of the Wildlife and Countryside Act 1981, as amended and in accordance with policy ENV DM5 of the Arun Local Plan.

- 10 The first floor bathroom windows on the flank and rear elevations of the building shall at all times be glazed with obscured glass.

Reason: To protect the amenities and privacy of the future occupiers in accordance with policies D DM1 and QE SP1 of the Arun Local Plan.

INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

INFORMATIVE: Infiltration rates for soakage structures are to be based on percolation tests undertaken in the winter period and at the location and depth of the proposed structures. The percolation tests must be carried out in accordance with BRE365, CIRIA R156 or a similar approved method and cater for the 1 in 10 year storm between the invert of the entry pipe to the soakaway, and the base of the structure. It must also have provision to ensure that there is capacity in the system to contain below ground level the 1 in 100 year event plus 40% on stored volumes, as an allowance for climate change. Adequate freeboard must be provided between the base of the soakaway structure and the highest recorded annual groundwater level identified in that location. Any SuDS or soakaway design must include adequate groundwater monitoring data to determine the highest winter groundwater table in support of the design. The applicant is advised to discuss the extent of groundwater monitoring with the Council's Engineers. Supplementary guidance notes regarding surface water drainage are located here <https://www.arun.gov.uk/surfacewater> on Arun District Councils website. A surface water drainage checklist is available here <https://www.arun.gov.uk/drainagechecklist> on Arun District Councils website, this should be submitted with a Discharge of Conditions Application.

INFORMATIVE: A formal application for connection to the public sewerage system is required in order to service this development, please contact Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk. Please read our New Connections Services Charging Arrangements documents which is available to read on our website via the following link

Decision Issued: **30th September 2019**

Arun District Council
The Arun Civic Centre
Maltravers Road
Littlehampton
West Sussex BN17 5LF

IT IS IMPORTANT THAT YOU READ THE NOTES ATTACHED TO THIS DOCUMENT

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against this planning application decision, then you must do so within 28 days of the date of service of the enforcement notice, or within 12 weeks of the date of this notice, whichever period expires earlier.

Otherwise, if you want to appeal against this decision then you must do so within 6 months of the date of this notice.

Appeals must be using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <http://acp.planninginspectorate.gov.uk>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on highway land).
