Dear Sir / Madam

LAND AT BARNHAM COURT, BARNHAM

PROPOSED SOLAR PARK COMPRISING THE ERECTION OF SOLAR ARRAYS, INVERTERS, TRANSFORMERS, EQUIPMENT HOUSING, SECURITY FENCING, INTERNAL TRACKS, ANCILLARY EQUIPMENT AND ECOLOGICAL MITIGATION

On behalf of BL Solar 7 Ltd, The Landmark Practice is pleased to submit an application for a proposed solar park at Barnham Court, Barnham.

The site is approximately 2.5 hectares in area and is located approximately 1km south west of Barnham. The current land use is agricultural grassland, bounded by mature hedgerows with trees. The immediate landscape is relatively flat (although the site itself is located within a small depression) and agricultural in nature with some existing renewable energy infrastructure, including the approved Bilsham PV park 1km to the south east. A double tracked railway lies immediately adjacent to the site on the western boundary, a small stream and PRow run along the northern boundary.

The proposed development comprises installation of solar photovoltaic (PV) panels for electricity generation with associated infrastructure and equipment. The capacity of the proposed development will be circa 1MW and will comprise the following:

- Solar Arrays
- Transformer Stations
- Substations
- Deer Fencing
- Access

The following information has today been submitted to your council via the Planning Portal:

- Site location plan;
- Block plan;
- Site layout;
- Completed Application Form and Certificates;
