Dear Karl,

I am writing to object to this proposed development. My objections are as follows:

- i) this will be located in a visible location therefore not in character with the local area.
- ii) removal of agricultural land from use.
- iii) industrial useage of land in an area that is predominately semi rural.

iv) increased traffic movements on a narrow country lane. For the installation and subsequent maintenance/repairs.

In light of these objections I suggest that Planning consent is not granted.

Yours Sincerely,

Christopher Hughes
