Subject: RE: Barnham Court Solar Farm BN/29/15/PL

Dear Mr Temple, that was quick, thank you. In order to comply and to receive the relevant subsidy for the renewable electricity generation I have been told we need to send confirmation in letter format from the LPA. Could you please therefore write me a simple letter from Arun District Council exactly as below:

Wirsol Energy Ltd
Unit 5E
Park Farm
Chichester Road
Arundel
BN18 0AG

Mr Richardson,

Ref: BN/29/15/PL

Land at: Barnham Court Farm.

Application: Solar park including the erection of solar arrays, inverters, transformers, equipment housing, security fencing, internal tracks, ancillary equipment & ecological mitigation.

This application is a Departure from the Development Plan.

The above planning application was validly submitted via the planning portal (reference PP-0419565) to Arun District Council on the 22nd July 2015, this complied with Article 34 (4) and (5) (a) – (f) of the Town and Country Planning (Development Management Procedure) (England) order 2015

Thank you for your support in this matter.

Kind regards,

James Richardson

Subject: RE: Barnham Court Solar Farm BN29/15/PL

Dear Mr Temple,

Wirsol invested and constructed the Barnham Solar Farm project (BN/29/15/PL) on the basis that it would generate and export clean renewable energy to the local grid and qualify for the Renewable Obligation Certificate (RoC). Another qualification is that the planning application for the solar farm was submitted to the LPA on or before the 22nd July 2015. The understanding is that the developer validly submitted the planning application to Arun District Council on the 22nd July 2015, this was via the planning portal reference PP-04195657.

I have attached a copy of the letter sent from Landmark to yourselves, please could you read the letter and if you agree with the contents confirm that the content of the letter is correct.

Thank you.

Kind regards,

James Richardson
