Hi David,

I have discussed with the EXOT with Redrow and they agree to the extension as set out but would like confirmation that both the applications will be heard at the July Planning Committee, can you confirm?

In terms of the drainage strategy, I now have a revised strategy and maintenance strategy ready to submit to the Council. We had previously agreed that we would submit a comprehensive discharge of condition application encapsulating documents already with the Council with updated/new documents as appropriate. In this context, I can submit a standalone drainage DOC now so it is formally submitted or I can provide the strategy to the LPA informally now and then follow up in the formal DOC submission in the coming weeks. I am happy with way but can you confirm your preference?

Kind regards,

Laura Humphries
