Michael

Thank you for your email. [REDACTED]

However, please accept this email as confirmation of Redrow's acceptance of an extension of time for BN/30/20/DOC to Friday 26th June 2020.

I'm not sure if Mr Cann's comments have been issued to anyone, but I noted these on Friday, and have flagged these to our engineers who will be starting to address these during the course of the week. The comments are very detailed, although do not appear to impact the principles of the drainage strategy. It is likely to take at least a week (probably longer – I am waiting confirmation from the engineers) to provide a response to all of the points, therefore we have sought to provide a longer extension of time.

If there are any queries in relation to this application or application BN/28/20/DOC, please do not hesitate to contact me whilst Tilly is away.

Kind regards

Craige

Tilly,

Please find attached the consultation response from ADC Drainage Engineers to discharge of condition application BN/30/20/DOC regarding Land At Angels Nursery, Yapton Road, Barnham.

Both the ADC Drainage Engineers and the Local Planning Authority have serious concerns regarding the amount of landraising that is proposed as part of the drainage works; which would lead to overlooking and privacy issues, and visual impact issues as the site and the surrounding land is relatively flat.

I look forward to receiving revised drainage plans, which pick up all of the ADC Drainage Engineers comments and include **no landraising**, as a matter of urgency.

Kind regards,

Michael
