Hi Nicola,

I have no idea why I submitted this application and didn't use measurements. All my other applications recently have been done correctly. 🙄

Proposed specification:

Reduce height from 16m to 14m, reducing the overall height by 2m to suitable growth points.

Reduce the spread from 10m to 6m, reducing the radial spread by up to 2m to suitable growth points.

Many thanks,

Dan

Hi Daniel

Further to our telephone conversation, please find attached a copy of the email sent on 17th March. As discussed, please provide the required information today and the application will be validated.

For future reference, if the proposed work is a crown reduction you should include the proposed height and spread measurements as this is a validation requirement.

Kind Regards

Nicky
