Covid-19 Working Procedures

In line with Government advice, Thrive have been transitioning to working from home for most of the team. We have access to all our systems remotely and we continue to provide our clients with the support they need without interruption. We have a small core team in the office (working in segregated areas), to manage day to day essentials such as IT support, plotting and scanning large

format drawings.

We are currently utilising Microsoft Teams, Zoom or Skype for remote video conferencing and meetings.

Our main landline number remains active and is diverted to our remote reception where messages can be taken and passed on. Emails remain the most efficient means of communication or calls directly to mobile numbers.
