Dear Michael

Thank you for your email.

Please see attached the log requested for the RSA.
I can confirm that the 3rd July would be acceptable, should the extension still be required.

Kind regards

Covid-19 Working Procedures

In line with Government advice, Thrive have been transitioning to working from home for most of the team. We have access to all our systems remotely and we continue to provide our clients with the support they need without interruption. We have a small core team in the office (working in segregated areas), to manage day to day essentials such as IT support, plotting and scanning large

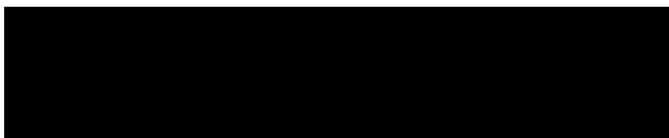

format drawings.

We are currently utilising Microsoft Teams, Zoom or Skype for remote video conferencing and meetings.

Our main landline number remains active and is diverted to our remote reception where messages can be taken and passed on. Emails remain the most efficient means of communication or calls directly to mobile numbers.

Dear Michael

Thank you for your email.

Our engineers are arranging for the log to be provided, however this will take a little time to get back to you.

The determination date being the 26th, please would you be so kind and propose a new determination date?

Your help is very much appreciated.

Kind regards

Subject: RSA Decision Log

Dear Michael,

The Stage 1 and 2 road safety audit prepared by Acorn Projects Limited, and submitted drawing 17748-BARN-5-512 Rev D, has been considered by WSCC as the County Highway Authority. It is noticed the audit is missing the RSA decision log. Please can this be filled in and sent to us for approval as soon as possible, this should look like the log on p54 of the GG119 (Table F.4).

Other than this WSCC are in agreement with the proposal to include a timber post to alert pedestrians/cyclist to the shared use layout.

Please can a copy of the decision log be sent to the LPA for approval.

Kind regards

Alison
