Subject: RE: D1946: Flood risk activity exemption successfully registered

Hi Mark,

The DOC has been approved and the exemption ensures that no further action will be required (in a new DOC if the EA had wanted the plans changed). So yes you're all set, thanks for letting me know and forwarding the relevant documentation.

Kind Regards

Sarah Burrow

Sarah,

Please see below for your records.

I trust all planning matters can now be actioned accordingly.

Regards,

Mark Akmenkalns
Managing Director

Subject: Flood risk activity exemption successfully registered

We've registered your flood risk activity exemption

Your reference is EXFRA009070

Exemption registered:

Outfall pipes less than 300mm diameter through a headwall FRA12
at grid reference SU 95860 04150.

Before you start work

Check you can meet the exemption conditions

You should re-check you can meet the description and conditions of your exemption in the [flood risk exemptions guidance](#).

Other things to check

You should check if there are protected species in the area. If there are, you must make sure your activity doesn't harm them. You may also need planning permission and to get the landowner's permission to enter the land.

Date of registration

09 June 2021 09:34

Exemptions don't expire except for dredging FRA23 which expires 3 years after the registration date and dredging FRA24 which expires 1 year after the registration date.

Responsible for activity (the 'operator')

Paul Voller
Tars Farm, Church Lane
Barnham
PO22 0DQ

Who we will contact

Paul Voller, Land Owner and Developer

Responsibilities of the operator

The organisation or individual responsible must keep to the description and conditions for the exemption. We can prosecute them if they don't do this.

If your activity changes

If the location changes, you will need to register a new exemption.

If the activity or the way you are doing the work changes, you will need to check if it is still exempt. If it is not, you will have to [apply for a permit](#).
