LEGISLATIVE BACKGROUND

Section 192(2) of the Town and Country Planning Act 1990 states:-

If, on an application under this section, the local planning authority are provided with information satisfying them that the use or operations described in the application would be lawful if instituted or begun at the time of the application, they shall issue a certificate to that effect; and in any other case they shall refuse the application.

In this instance the proposed works will be assessed against the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

- Class E, which pertains to the construction of outbuildings on land within a residential curtilage.

Provided the proposed works satisfy the relevant criteria, and that no restrictive conditions to development have been imposed on the site, the works will constitute Permitted Development and would not require a planning application. If the works fail to accord with the criteria then planning permission will be required for them to take place.

CONCLUSION

The proposed outbuilding is considered to fall under Schedule 2 part 1 class E of the town and country planning (General Permitted Development) (England) Order 2015.

E.1 Development is not permitted by Class E if

- (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class M, N, P, PA or Q of Part 3 of this Schedule (changes of use);
- (b) the total area of ground covered by buildings, enclosures and containers within the curtilage (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);
- (c) any part of the building, enclosure, pool or container would be situated on land forward of a wall forming the principal elevation of the original dwellinghouse;
- (d) the building would have more than a single storey;
- (e) the height of the building, enclosure or container would exceed
 - (i) 4 metres in the case of a building with a dual-pitched roof,
 - (ii) 2.5 metres in the case of a building, enclosure or container within 2 metres of the boundary of the curtilage of the dwellinghouse, or
 - (iii) 3 metres in any other case;
- (f) the height of the eaves of the building would exceed 2.5 metres;
- (g) the building, enclosure, pool or container would be situated within the curtilage of a listed building;
- (h) it would include the construction or provision of a verandah, balcony or raised platform;
- (i) it relates to a dwelling or a microwave antenna; or
- (j) the capacity of the container would exceed 3,500 litres.

E.2 In the case of any land within the curtilage of the dwellinghouse which is within

- (a) an area of outstanding natural beauty;
- (b) the Broads;
- (c) a National Park; or
- (d) a World Heritage Site,

Development is not permitted by Class E if the total area of ground covered by buildings, enclosures, pools and containers situated more than 20 metres from any wall of the dwellinghouse would exceed 10 square metres.

E.3 In the case of any land within the curtilage of the dwellinghouse which is article 2(3) land, development is not permitted by Class E if any part of the building, enclosure, pool or container would be situated on land between a wall forming a side elevation of the dwellinghouse and the boundary of the curtilage of the dwellinghouse.

Interpretation of Class E

E.4 For the purposes of Class E, "purpose incidental to the enjoyment of the dwellinghouse as such" includes the keeping of poultry, bees, pet animals, birds or other livestock for the domestic needs or personal enjoyment of the occupants of the dwellinghouse.

The property known as Pippin Cottage is a semi-detached property and is not listed or within a conservation area.

Having investigated the sites history no restrictions to Permitted Development rights were found.

The proposed outbuilding complies with relevant sections in Class E and is considered permitted development and as such does not require the submission of an application for full planning permission.
