

Fairlawn  
Church Lane  
Barnham  
PO220DB

To whom it may concern,

This is to say that we are not happy with any increase in heavy vehicle traffic along Church Lane including but not limited to large mobile homes in particular when these homes try to gain access to property via narrow driveways. The lane is not suitable for such traffic and from previous experience when grass verges and hedgerows were destroyed to gain access this is not something that we would like to see more of in the future.

Yours sincerely
