Simon

It is just for the house.

Kind regards

Dear Stephen,

I don't need a sample. However, can you confirm what this material will be used for? Is it just the elevations of the house or will the garage be refaced in it too? Also note that our standard materials condition is a pre damp proof course level type condition (so not pre-commencement)

Kind Regards

Simon

My client wants to use Purbeck buff cropped walling as per the attached photographs.

This has a lead in time of 12-14 weeks so we would like to get the waling signed off as part of any permission and not have it as a pre-commencement condition.

Please can we proceed on the basis of this email, or let me know if you want an actual sample dropped in to the Council offices.

Kind regards

Steve Jupp
