

HI

Please add this email below to the case file and label as 'Parish Council further comments – 24/06/20'

Thanks
Amy

Dear Amy

You will have seen that the Barnham and Eastergate Parish Council's P&E Committee on 9th June resolved to submit no objection to the above application. However since that date some information has been drawn to our attention and I have been asked if the District Council would accept this additional comment and add it to your consideration of the application.

The Committee expects ADC Drainage engineers to analyse this application with the utmost care in respect of the Surface Water Drainage proposals for this proposed development as there are several significant and unresolved issues that exist with the already built development adjacent to this site. I have copied Karl Roberts into this email as it is understood that he was very involved with the issues on the adjacent site (EG/15/07 is the application number for reference) including referral to Local Government Ombudsman.

Thanks

Alison Crabb
Clerk, Barnham & Eastergate Parish Council

Office hours: Tuesday, Wednesday and Thursday 9.30 a.m. – 1 p.m. at Barnham Community Hall at other times I can be contacted by email:  or by phone on  where a message can be left if I don't answer.
