Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: BN/51/20/PL
Site Address: Land at Chantry Mead & rear of 14-18 Downview Road Barnham PO22 0EG
Description of works: 4 No dwellings including access, landscaping & associated works.

Thank you for your internet representation made on 10th July 2020 which has been recorded as an objection with the comments as follows:

OWPC28354

We object to the plans outlined for the development of 4 new houses with access from chantry mead. As a small development along with murrell gardens the additional houses will create further vehicles that will travel along a small section of road that is maintained by residents. The construction alone will cause a huge amount of damage I am sure to the road and green space. The addition of houses to an already over exerted SUDS system will increase surface water in area that already struggles. It amazes me that residents can apply for planning on their land and request access to it from another private road. If this application is permitted what is there to stop all residents of Downview road applying for planning in their gardens with access from chantry mead and murrell gardens.

If this application is accepted it needs to be made very clear to the developers that they must not block chantry mead in anyway to make it not accessible to current residents. Plus the may not murrell gardens for any of their vehicles or deliveries.

Your views as made above will be considered before the application is determined.
