Subject: RE: Planning Consultation on BN/52/18/DOC

Hi Simon

The CMP now sets out that 3-4 deliveries per day are expected with 3-4 muck away/ aggregate deliveries during initial groundworks phase. Construction vehicles will be rigid or 6-wheeler 15 tonne lorries with no vehicles larger than refuse collection vehicle anticipated.

The plans and details pertaining to condition 7 are acceptable.

Hi Katie,

Please see email below and attached amended plans. Can you provide your further comments on the Construction Management Plan. The other two plans are FYI only.

Kind Regards

Dear Simon

Please find a revised CMP giving the additional information that WSCC Highways have requested in relation to condition 7.

They also noted in their consultation that there was a divergence with a couple of the drawings still showing the 4 housing approval. Please find attached Dwg 2015-D1042-003B & 007C updated to show the five house layout and on behalf of the applicant I formally submit these to replace the preceding revision letter for each drawing please.

Please do not hesitate to contact me if you require any further information.

Kind regards
Nicholas Lack
