Notification regarding the above application:

Condition Number 15

No development shall commence until either (a) an odour assessment has been undertaken to determine the impact of odour from the nearby riding school/manege or (b) evidence has been supplied to demonstrate that the equestrian livery use has ceased. If it is not possible to provide the information required by (b) then the results of the assessment and details of a scheme of mitigation measures necessary to ensure an appropriate level of amenity within habitable rooms and garden areas shall be submitted to and approved in writing by the Local Planning Authority. All works, which form part of the approved scheme, shall be completed before any part of the development is occupied and shall thereafter be maintained in accordance with the approved details. The assessment shall be conducted by a suitably qualified odour assessor and be carried out in line with the Institute of Air Quality Managements 'Guidance on the assessment of odour for planning'.

Reason: To protect the amenity of local residents in accordance with Policy QE DM3 of the Arun Local Plan. This is required to be a pre-commencement condition because the approved measures may need to be built into the fabric of the buildings.

Decision:

Arun District Council have decided to **APPROVE details reserved by this condition**

The submitted "Odour Impact Assessment" by WSP (ref 70079493, 04/12/20) has been assessed by our Environmental Health officers and is considered to be acceptable. The condition is fully discharged insofar as the submission of details relates.

Please do not hesitate to contact the above officer if you require any further assistance.

Yours sincerely
