Sarah,

Further to my last email dated 26th April 2022 with revised drawing PL004 rev D and the email from the senior design engineer at Wavin.

The previously refused DOC application for the surface water drainage design has been resubmitted with drawing PL004 rev D along with the previously supplied supporting information.

If you have any questions or further comments to the design proposal please do not hesitate to contact me.

Kind regards,

Mike Wood.
