Good afternoon Raymond

Re the above

While check the ADC website concerning the above application I noted the response from West Sussex Highways (copy attached)

The following should clarify the issues raised

- 1 The applicant would happy to reduce the number of car parking to comply with parking standards required.
- 2 The proposed combined cycle and motorbike parking area is designed to provide 5 motorbike and 10 cycle spaces
- 3 Vehicle tracking please see the attached

Kind regards

Jon
