Hi Michael,

I agree to the EoT to Friday 28th to allow time for the formal notice to be produced.

Kind regards,
Pete

=====

Hi Pete,

Please see below the ADC Drainage Engineer's consultation response to the surface water conditions in BN/59/18/DOC.

Laura Gibbons has recommended that the surface water conditions are discharged.

Unfortunately, we require an extension of time (EoT) to Friday 28th June 2019 as the staff in the Technical Support Unit who upload the plans onto the Council's website are on leave this week. Once the staff return next week the plan of the retaining wall can be uploaded onto website and the decision letters for the surface water conditions can be issued to you.

I look forward to receiving your response.

Kind regards,

Michael

Hi Michael

The attached drawing is okay. Therefore, I recommend conditions are discharged.

Thanks,

Laura Gibbons, MEng, GMICE
