Date
05/03/2020

Dear Sir/Madam,

Proposal: Removal of existing buildings and erection of three new build dwellings. (Alternatives to BN/7/18/PL and BN/48/18/PL). This application is a Departure from the Development Plan.

Site: BN/5/20/PL: - Land north of Sunnyside Cottages, Yapton Road, Barnham, PO22 0AZ.

Thank you for your letter dated 31/01/2020.

Southern Water requires a formal application for a connection to the foul and surface water sewer to be made by the applicant or developer. We request that should this application receive planning approval, the following informative is attached to the consent:

A formal application for connection to the public sewerage system is required in order to service this development. Please read our New Connections Services Charging Arrangements documents which has now been published and is available to read on our website via the following link southernwater.co.uk/infrastructure-charges

Our initial investigations indicate that there are no public surface water sewers in the area to serve this development. Alternative means of draining surface water from this development are required. This should not involve disposal to a public foul sewer.

The application details for this development indicate that the proposed means of surface water drainage for the site is via a watercourse. The Council's technical staff and the relevant authority for land drainage consent should comment on the adequacy of the proposals to discharge surface water to the local watercourse.

Due to surface water inundation issues in the Lidsey Catchment the applicant is advised to adopt, where appropriate, the measures in the table "Practical measures to reduce the potential impacts of development". Developer should look to protect the public sewerage system from inundation and infiltration, which contribute to flooding in unfavorable conditions.

Southern Water, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX

It is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its ownership before any further works commence on site.

For further advice, please contact Southern Water, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX [REDACTED]
