

[REDACTED]

Please upload the two attached documents from the applicant onto Ocella for BN/65/19/OUT.

The first document is a letter from the applicant and the second is a revised site plan. I will complete an Action sheet.

Thanks,

Michael

Subject: RE: Outline planning application BN/65/19/OUT - Bexstone House, Barnham Road, Eastergate

Michael

Please find attached a note following on from our meeting yesterday. I trust this will allow our present planning application an EOT while we progress the strategic plan for the wider development.

I also attach our updated site plan tabled yesterday and ask that this be substituted for the plan currently under consideration.

Please let us know how today's discussions progress with the church commission as we are keen to accommodate the requirements of the adjacent landowners and the overall development site, hopefully we will get site of their internally circulated framework plan within the next few days.

Regards

Leon Odell
