Hi David,

I have discussed with Redrow and they are happy to confirm the EXOT for the applications detailed.

In terms of BN/15/16 given the latest RM layout, Redrow are content to formally withdraw this application. I trust this is sufficient for the admin purposes to withdraw the application but please let me know if you need a formal letter.

BN/51/16 and BN/19/16

I also note I have a few actions from our meeting which I will get to you shortly;

- Updated suggested strategy
- Clarification on conditions submitted and live application references – I will also include plan/report references, as requested.
- Identification of non-layout specific conditions which can be progressed (subject to details) and those conditions which will effectively be dealt with later in respect of the latest RM layout.
- In terms of a consolidated list of plans for the RM applications, do you want to wait until the revised plans are submitted?
- I can prepare a list in respect of the 7 dwelling scheme (BN/19/16) if this would be helpful?

Please can you send over the Landscape Officer contact and I will ensure that the draft revised plans are sent to her.

Kind regards,

Laura Humphries

Hi David,

Apologies for missing your call earlier – the other noise report was provided in connection with the outline condition 20 application which I understand to be BN/66/16.
